Commissioner Raymond moved that the ordinance be referred to the Commission on Building Districts and Restrictions for recommendation and report.

The roll being called, the motion was declared adopted by the following votes:

Yea—Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond offered the following ordinance, which was read by the clerk:

An Ordinance revoking an ordinance entitled "An Ordinance granting permission and consent to General Omnibus Company of New Jersey, a corporation, to operate auto buses and to use the surface of the streets hereinafter named for that purpose." Adopted January 9, 1919.

WHEREAS, The Board of Commissioners of the City of Newark on the 9th day of January, 1919, by an Ordinance duly adopted on said day, entitled "An Ordinance Granting Permission and Consent to General Omnibus Company of New Jersey, a corporation, to operate auto buses and to use the surface of the Streets Hereinafter Named for that Purpose," did grant a franchise to General Omnibus Company of New Jersey to operate auto buses and to use the surface of certain streets of the City of Newark for that purpose, and did provide, among other things, by Paragraph "F" of Section 2 of said Ordinance, as follows:

"F The Company shall commence operation within six (6) months from the date on which this consent is accepted by them, provided that such period may be extended by the Board for a period or periods not exceeding in the aggregate eight (8) months from the granting of this consent, and provided further that if the commencement of said operation shall be prevented by legal proceedings in any court or by works of public improvement or from other causes not within the control of the Company, the time for the commencement of such operation may be extended for the period of such prevention";

and did further provide, by Paragraph "J" of Section 2 of said Ordinance, as follows:

"J. Auto buses shall be run on said routes at such reasonable times as the Director of Streets and Public Improvements shall by rule require"; and did further provide in Paragraph 1 of Section 2 of said Ordinance, as follows:

"Section 2. This consent is granted upon the following terms and conditions, and may be revoked by said Board of Commissioners after hearing and notice whenever it shall appear that the said General Omnibus Company of New Jersey, its successors or assigns, has failed to comply therewith";

and,

WHEREAS, Said Company did violate the terms and conditions of said Ordinance and said Board of Commissioners did by its resolution adopted on July 15th, 1920, call upon said General Omnibus Company of New Jersey to show cause, if it could, before the Board of Commis-

sioners of the City of Newark, sitting in the Commissioners' Room, City Hall, Newark, New Jersey, on the 29th day of July, 1920, at 10:30 o'clock in the forenoon, why said Ordinance granting to General Omnibus Company of New Jersey a franchise to operate auto buses and to use the surface of the streets named therein for that purpose, should not be cancelled, and that all the rights, powers, privileges and every of them of General Omnibus Company of New Jersey, under and by virtue of said Ordinance, should not be declared to be determined and at an end, for the following reasons:

1. Because said General Omnibus Company of New Jersey has failed, within the time limited by said Ordinance and an extension of said time heretofore granted by the Board of Commissioners to operate auto buses upon and along the five routes specified in said Ordinance;

2. Because said Company has failed, within the time limited by said Ordinance, and the extension heretofore granted, to file with the chief fiscal officers of the City of Newark an insurance policy of a company duly licensed to transact business under the insurance laws of the State of New Jersey, in the sum of five thousand dollars, against loss from liability imposed by law upon auto bus owners for damages on account of bodily injuries or death suffered by any person or persons as a result of an accident occurring by reason of the ownership, maintenance or use of auto buses upon the public streets of the City of Newark, as required by Chapter 136 of the Laws of 1916;

3. Because it has failed, within the time limited by said Ordinance

and the extension heretofore granted, to file with the chief fiscal officer of the City of Newark a power of attorney, properly executed, wherein and whereby the said General Omnibus Company of New Jersey did nominate, constitute and appoint such fiscal officer its true and lawful attorney for the purpose of acknowledging service of any process out of a court of competent jurisdiction to be served; as required by Chapter 136 of the laws of 1916;

4. Because it has failed, within the time limited by said Ordinance and the extension heretofore granted, to cause auto buses to be run on said routes at such reasonable times as the Director of Streets and Public Improvements has by rule required; and,

WHEREAS, A certified copy of said resolution was served upon said General Omnibus Company of New Jersey; and

WHEREAS, Said hearing was adjourned by consent of the parties until September 23, 1920, at the same time and place as in said resolution above referred to specified; and

WHEREAS, On September 23, 1920, said Company did appear, through its officers and counsel, and participate in said hearing; and

WHEREAS, Said Board of Commissioners did examine into the violations of the terms and conditions of said Ordinance by said General Omnibus Company of New Jersey and did give said Company full opportunity to be heard thereon; and

WHEREAS, Said Company did not offer any reason or excuse for its failure to comply with said terms and conditions;

NOW, THEREFORE, The Board of Commissioners of the City of Newark does ordain as follows:

That it does hereby determine that said General Omnibus Company of New Jersey has heretofore violated and does now violate and refuse to conform to the terms and conditions of said Ordinance above recited, in that said Company did not commence operations within the time fixed by Paragraph "F" of Section 2 of said Ordinance and the extension of time thereafter granted by said Board of Commissioners within which to commence operation, and has not up to this time commenced operations, and that by reason of the failure of said General Omnibus Company of New Jersey to commence operations within the time in said Ordinance specified and the extension thereof granted by said Board of Commissioners, does hereby revoke and annul all that certain Ordinance entitled:

"An Ordinance Granting Permission and Consent to General Omnibus Company of New Jersey, a corporation, to operate auto buses and to use the surface of the streets hereinafter named for that purpose," adopted January 9, 1919, and all the rights, powers, privileges and every of them thereby granted.

The Ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

City Hall,  
Newark, N. J.

Dear Sir:—

My family and I desire to thank you and the City Commissioners for

your kindness in sending me the signed resolutions sympathizing with us in this our hour of bereavement.

Most sincerely yours,

Mrs. C. Wenham Smith.

29 Leslie Street,  
Newark, New Jersey.

Ordered received and filed.

667 Clifton Avenue,  
October 1, 1920.

Mr. W. J. Egan,  
City Clerk,  
Newark, N. J.

Dear Mr. Egan:

Will you kindly convey to the City Commissioners my appreciation of the honor they have conferred upon me in appointing me on the Commission on Building Districts and Restrictions and at the same time say that neither my duties with the Fidelity Trust Company nor my health will permit me to accept.

I cannot be at the meeting this morning.

Yours truly,

C. G. Titsworth.

Commissioner Raymond moved that the resignation be accepted with regret.

Western Union Telegram,

September 30, 1920.

To Mr. Egan, City Clerk,  
City Hall, Newark, N. J.

In behalf of several organizations of the taxpayers of Newark and organizations that are members of the Federation of Improvement Association, I beg that you lay before the Commission a request for a hearing on the deepening of Newark Bay at the expense of the Newark tax payers for private corporations in order that we may present arguments and facts that may guide the Commission in their decision. Some time ago it appeared in the press of the City that Director Raymond was going to give a hearing. Up to date we have heard nothing further about it.

Valentine B. Kane,

Chairman Law and Ordinance,

Federation of Improvement Association.

Commissioner Monahan moved that the communication be referred to Commissioner Raymond for reply.

Mahon's Express,  
General Trucking,  
20 Napoleon Street, Newark, N. J.

October 6th, 1920.

To the Honorable  
Board of Commissioners of  
The City of Newark, N. J.

Gentlemen:—

The undersigned has owned property located at numbers 11, 13, 15 and 17 Ann Street for several years and has had in mind erecting on the property known as 15 and 17 Ann Street a garage to house about five or six automobile trucks which have been used by me in my trucking business. This property is 125 feet north of the Elm Road and a very short distance from Oliver Street, where factories are very numerous. My property is right on the end of the residential zone.

I have been conducting my business at this address for the last ten years and have always had in mind using this property for a suitable building to properly care for my machines used in the trucking business, and was indeed very much surprised to know that this neighborhood was in the residential section.

I most respectfully appeal to your Honorable Body to give this matter serious consideration, and if possible favor me with an amendment to the ordinance which will permit the use of this site for the erection of the garage I have in mind.

Trusting your Honorable Body will take cognizance of the situation and remedy it, I remain

Very truly yours,

M. Mahon,  
Mahon's Express.

Newark, N. J., October 13, 1920.

To The Board of Commissioners  
of the City of Newark.

Gentlemen:

Your petitioners, The Lidgerwood Manufacturing Company and John H. Lidgerwood, respectfully call your attention to the following situation in regard to the assessments for the Frelinghuysen Avenue and Bound Creek sewer.

The Lidgerwood Manufacturing Company is a company engaged in the manufacture of Hoisting engines, mining machinery and conveying apparatus, with one of its plants located in the City of Newark and occupying the entire premises bounded on the West by Frelinghuysen Avenue, on the North by Peddie Street, on the South by Empire Street and on the East by the property of the Pennsylvania Railroad Company. This entire property is enclosed with a fence and on this property the Lidgerwood Manufacturing Company conducts a portion of its business.

The land above mentioned and occupied by the Lidgerwood Manufacturing Company is partly owned by the Lidgerwood Manufacturing Company and partly by John H. Lidgerwood. The ownership, however, of John H. Lidgerwood being that of a trustee for Mr. James G. Lidgerwood and his sisters.

The property owned in fee by the Lidgerwood Manufacturing Company and for which assessment is made is as follows:

Block No. 2742, Lot No. 17, 274-284 Frelinghuysen Avenue, Assessment \$180.00.

Yea — Commissioners Archibald  
Brennan, Monahan, Raymond.

Newark, N. J., October 13, 1920.

To The Board of Commissioners  
of the City of Newark.

Gentlemen:

Your petitioners, The Lidgerwood Manufacturing Company and John H. Lidgerwood, respectfully call your attention to the following situation in regard to the assessments for the Frelinghuysen Avenue and Bound Creek sewer.

The Lidgerwood Manufacturing Company is a company engaged in the manufacture of Hoisting engines, mining machinery and conveying apparatus, with one of its plants located in the City of Newark and occupying the entire premises bounded on the West by Frelinghuysen Avenue, on the North by Peddie Street, on the South by Empire Street and on the East by the property of the Pennsylvania Railroad Company. Frelinghuysen Avenue; Block No.  
3520, Lot No. 1, 330-348 Freling-  
huysen Avenue; Block No. 3521, Lot  
No. 1, 330-348 Frelinghuysen Ave-  
nue, Assessment, \$2,598.00.

The property owned by John H.  
Lidgerwood in fee, but incorporated  
in and used by the Lidgerwood Manu-  
facturing Company, together with the  
assessments thereon for this sewer,  
are as follows:

Block No. 2739, Lot No. 16, 288-  
300 Frelinghuysen Avenue, Assess-  
ment \$410.00.

Block No. 2732, Lot No. 17, 302-  
316 Frelinghuysen Avenue, Assess-  
ment \$520.00.

Block No. 2733, Lot No. 23, 318-  
324 Frelinghuysen Avenue, Assess-  
ment \$264.00.

The Lidgerwood Manufacturing  
Company is a close corporation, all  
the stock being held by members of  
the Lidgerwood family, John H.  
Lidgerwood being president and  
treasurer and James G. Lidgerwood  
being vice president and assistant  
treasurer.

Bound Creek, entered upon the  
Lidgerwood property at Frelinghuy-  
sen Avenue about four hundred feet  
Northerly from the Northerly line of  
Empire Street and ran in an irregu-  
lar Easterly direction for about two  
hundred feet and then turning in a  
Southerly direction ran Southerly to  
a point in Empire Street about four  
hundred and twenty-five feet Easter-  
ly from the Easterly line of Freling-  
huysen avenue. Bound Creek, in its  
courses through and over the prop-  
erty above described, was about ten  
feet in width and was an open creek  
with a good, fair flow of water  
throughout its entire length, varying  
in quantity due to the fact that it  
was a tide water stream. The depth  
of the water being at high tide about  
two feet and during low tide a con-  
siderable quantity of fresh water  
flowed through it from its tributaries  
above it. The water flowing through  
the creek was used by the Lidger-  
wood Manufacturing Company in its  
plant operations in connection with  
its condensing system and by the use  
of said water the Lidgerwood Manu-  
facturing Company was able to pro-  
duce increased power in its power  
plant equal to that which would be  
produced by the consumption of  
about two to three tons of coal per  
day.

Bound Creek was a natural drain-  
age for waste and storm water for  
the properties lying contiguous to it  
and the engineering authorities of  
the City of Newark expressed to the  
Lidgerwood Manufacturing Company  
their desire to abandon Bound Creek  
for this purpose and asked for the  
co-operation of the Lidgerwood Manu-  
facturing Company in this project.  
The matter was brought to the atten-  
tion of the officers of the Lidgerwood  
Manufacturing Company and at the  
solicitation of the engineering au-

thorities Mr James G Lidgerwood appeared before what was then the Board of Works, some time in the year 1913. It had been explained to Mr. Lidgerwood that one or more of the owners, whose properties bordered on this creek, were causing trouble and interposing difficulties in the way of the City accomplishing this purpose and that it would be greatly to the benefit of the City if it could secure the consent and co-operation of the Lidgerwood Manufacturing Company.

After hearing the various reasons for the doing away with Bound Creek as a waste and storm water sewer and being desirous of assisting the City of Newark in any project which seemed proper to the engineering authorities, Mr. James G. Lidgerwood gave his consent and the consent of the Lidgerwood Manufacturing Company orally to the Board with the proviso that there should be no expense to the Lidgerwood Manufacturing Company or the property through which Bound Creek then ran. At that time Mr. Lidgerwood stated to the Board that the abandonment of Bound Creek would occasion the additional use of from two to three tons of coal a day and cause the company to incur 'hat additional expense and for that reason he would expect any change in Bound Creek to be accomplished without any expense to either of the petitioners. This was acquiesced in by the members of the Board, but at the time no written consent was given by Mr. Lidgerwood, neither was there a written agreement on the part of the City of Newark. In fact, the determination to go on with the building of a new sewer and the consequent abandonment of Bound Creek was not begun for several years after this interview, but your petitioners feel

that the project would never have been undertaken if the City had not received from the Lidgerwood Manufacturing Company this co-operation. A considerable expense in the way of condemnation proceedings would have been necessary and would have resulted probably in litigation and in all likelihood an abandonment of the entire project.

No further attention was given by Mr. Lidgerwood or the Lidgerwood Manufacturing Company to this plan until bills were received by the Lidgerwood Manufacturing Company and John H. Lidgerwood for assessments for what is known as Frelinghuysen Avenue and Bound Creek sewer. The assessments made against the property of the Lidgerwood Manufacturing Company amount to \$4,163 and the assessments against the property of John H. Lidgerwood amount to \$1,194. The proceedings for making these assessments were undoubtedly conducted in the usual manner and the technical advertisements made in the public press, but the petitioners, considering that the matter had been disposed of without any prospect of assessments on their property were not giving any attention to the matter and such advertisements did not attract the notice or attention of the petitioners and it was with surprise and consternation that these bills were received.

Your petitioners took this matter up with the City Counsel's office and there was contemplated a contest in the Courts to set aside the assessment, but being advised that this Honorable Body had the right to give relief under the circumstances set forth in the petition, decided to bring the matter to your attention and secure from you the relief to which

they are entitled and it is the request of your petitioners that you grant to them the cancellation of the assessments made by the City authorities against their property.

THE LIDGERWOOD MANUFACTURING COMPANY

and

JOHN H. LIDGERWOODO,  
By G. W. W. Porter,  
Attorney.

Mr. Porter: That I think is full and complete. I do not know that I could add anything except to say that it is an important matter to us; that we entered into the agreement in good faith. There was no writing demanded by us, thinking that the Board would meet us in the same attitude. They did not demand from us any writing. I would just say in passing that the rights of property owners bordering on a stream are very important. There was one company in particular who insisted upon having their rights preserved which they had a right to do, and which we had a right to do and there was considerable expense undertaken by the City in meeting the position of this property owner, and considerable money was spent by the City in complying with this particular owner's request.

Commissioner Raymond: I think the best thing would be to take this matter up with Mr. Congleton and see what the City's position is and whether we can cancel an assessment after it has been approved by the Circuit Court.

Commissioner Raymond moved that the matter be referred to the Law Department.

The roll being called, the motion was declared adopted by the following votes:

Yea:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. E. W. Wollmuth, Secretary, Newark Board of Trade, appeared before the Board and presented the following petition:

BOARD OF TRADE OF THE CITY  
OF NEWARK, N. J.

No. 128 Market Street.

PETITION WITH REFERENCE TO  
AN ORDINANCE CREATING A  
BUREAU OF PURCHASES, STAN-  
DARDS AND TESTS, AND PRO-  
VIDING FOR THE APPOINT-  
MENT OF A SUPERVISOR  
THEREOF.

To the Board of Commissioners  
of the City of Newark, N. J.

Gentlemen:—

The Board of Trade in the report and resolutions as adopted at the regular meeting last June, copies of which were forwarded to the individual Commissioners, placed itself on record as favoring centralized purchasing, and urged practical action in accordance with the ordinance providing for a Bureau of Purchases, Standards and Tests.

In view of the heavy burden of taxation, and the need of the most modern and scientific methods in the purchase of supplies and equipments of the city departments, it is sincerely hoped that your Board will

take action to put this ordinance into effect by the beginning of the coming fiscal year of 1921.

If such a Bureau is to do efficient work, its head, the Supervisor, using the title as given in the ordinance, should be a man of proven experience and capacity in this special line of purchasing. To secure such a man may require a wide search for and careful selection from possible candidates. In this important matter, which is in reality the selection of a business expert, the Board of Trade, as the leading business body of the City, would, if it would prove of service to your Board, be pleased to co-operate, and offers the following suggestions:

1. That the Board of Trade through its Board of Directors would endeavor to secure a wide range of applicants for this special position, and would then after careful inquiry, and sifting out the list of applicants, present to your consideration the three applicants of most merit because of proven capacity and experience.

2. That if the best man for this position is to be secured, candidates from outside the city as well as candidates resident in the city should be considered.

3. That because of the marked increase in cost of living, and the higher range of salaries now prevailing as compared with the period when the ordinance was adopted, rather more than two and a half years ago, it would be wise to consider an increase in the maximum salary stated in the ordinance, namely, \$5,000.00

4. That if advertising to secure applicants should be deemed necessary by the Board of Directors, the advertisement proposed would be submitted to the City Counsel for his approval as to form and wording.

It is earnestly hoped that this petition will receive your favorable consideration.

Respectfully submitted,

BOARD OF TRADE OF THE CITY  
OF NEWARK, N. J.

DAVID GROTTA,  
President.

Attest:

E. W. WOLLMUTH,  
Secretary.

October 13, 1920.

Commissioner Raymond: Mr. Mayor, I would like to say in reference to this, that Mr. Gwinnell, representing the Chamber of Commerce came in to see me, and may have come in to see you other gentlemen of the Commission, two or three weeks ago, and talked this matter over with me. I told him then I was in favor of a business man for this position, and that I thought the Commission would probably be of the same mind. I told Mr. Gwinnell I would vote for him for Purchasing agent if he would take it, but he said he was engaged in business and could not take it. I told him I was in favor of keeping this position out of politics, and that a man should be appointed who could make the purchases for the City in the best possible way. I think it would be a very good thing to have this list sent to us and for us all to meet these

candidates suggested by business men and see if they are fit for the place and if we could appoint one.

I will move in order to bring the matter before us that the suggestion of the Chamber of Commerce be adopted by us and we notify them to send in a list of fit persons to be appointed as Purchasing Agent.

Commissioner Archibald: I think it should be confined to Newark men. With the tremendous industries we have here, I think it should be a Newark man.

Commissioner Archibald moved that the communication of the Board of Trade be received and filed, that the Board of Trade be invited to send in a list of men whom they consider competent to act as Purchasing Agent for the City of Newark, which list the Board may consider, and that the list consist exclusively of residents of Newark and that the matter of salary be left an open question.

The roll being called, the motion was declared adopted by the following votes:

Yea:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond: I would like to state my theory of this. My position is that if the Chamber of Commerce is not, it should be in a position to find just this sort of man, and possibly this Commission is not in a position to find this sort of business man. They being in a position to find him, we should call upon them to aid us all possible and that the

candidates recommended by them should be guaranteed as able to fill this position.

Mayor Gillen offered the following resolutions:

WHEREAS, The parties named in the appended list have, through their attorneys, Church, Harrison & Roche, presented claims against the City of Newark for sums alleged to be due them for milk supplied to said City; and

WHEREAS, The amounts due on said claims have been in controversy, and terms of settlement having been reached providing for the payment by said City of Newark of 95% of the sum demanded in full settlement of the said claims, of which sum so to be said, 50% is to be paid forthwith, and 45% on or before February 1, 1921, which said 50% amounts to the sum of Three Thousand Five Hundred and Sixty-One Dollars and Sixty-Eight Cents (\$3,561.68);

RESOLVED, That payment of the sum of Three Thousand Five Hundred and Sixty-One Dollars and Sixty-Eight Cents (\$3,561.68) be made to Church, Harrison & Roche, Attorneys in full settlement of the 50% of the aggregate amount set forth in the appended list, upon the execution and delivery to the City of Newark of a receipt in form acceptable to and approved by the Law Department, and that the Auditor of Accounts be furnished with agreement of aforesaid release.

City Commissioners of the  
City of Newark, N. J.  
c/o City Clerk,  
Newark, N. J.

Gentlemen:—

Several times I have made claims to the Board of Street and Water Department for the loss of my horse who was injured by falling into a water main, which was caused by neglect of the City, leaving the cap off the water main. The consequence was that the horse had to be killed on account of this accident which was a loss to me of \$150.00.

As stated before, I have made several claims to the City to be reimbursed for this horse and my claims have always been ignored. I do not wish to go to the expense to bring this case to court, and I ask your honorable body to reimburse me for my loss which is \$150.00.

Hoping that you will give this matter your kind earliest consideration, I remain,

Yours respectfully,

Hugh Carlin.

Commissioner Raymond moved that the matter be referred to the Law Department.

COMMISSION ON BUILDING DISTRICTS AND RESTRICTIONS

City Hall, Newark, New Jersey  
October 14, 1920.

The Board of Commissioners  
of the City of Newark,  
City Hall, Newark, N. J.

Honorable Sirs:—

I am enclosing a copy of a resolution adopted by the Board of Appeals October 8, 1920.

Very truly yours,

R. B. Rankin,  
Secretary Board of Appeals.

RESOLVED: That in the opinion of the Board of Appeals after an experience of ten months it is unwise to consider and make constant amendments to the Building Zone Ordinance as each amendment necessitates a change in the map, confusion in the minds of the public and a lessening of the value of the ordinance as a stabilizing agent, and we respectfully recommend that suggestions for amendments as made from time to time be grouped for consideration not more than once a year, preferably in December.

BOARD OF APPEALS.

William P. O'Rourke,  
Chairman.

C. Albert Gasser.

Charles V. Craster.

John Howe.

Commissioner Raymond moved that the communication be filed and that they be notified that this Board re-

serves the right to amend the zoning ordinance any time it sees fit during the year.

Yea: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

STATE OF NEW JERSEY  
CIVIL SERVICE COMMISSION

Trenton

October 6, 1920.

To the Honorable  
The Board of Commissioners,  
Newark, New Jersey.

Gentlemen:—

From time to time the attention of the Civil Service Commission is called to the payment of money out of the public funds to persons employed under a so-called contract and not in accordance with the provisions of the Civil Service Laws.

In order that the provisions of the Law regarding the disbursements of public funds, in payment for personal services rendered, may be clearly understood, and for the protection of disbursing officers, the Commission is led to call your attention to the provisions of Section 26 of the Civil Service Act, and Chapter 120 of the Session Laws of 1915.

Section 26 is in part as follows: "It shall be unlawful for the Comptroller or other fiscal officer of the State, or of any municipality thereof that may adopt the provisions of this

act (Civil Service Act) to draw, sign or issue any warrant on the Treasurer or other disbursing officer of the State, or of any municipality thereof that may have adopted the provisions of this act, for the payment of any salary or compensation to any officer, clerk, employe, or other person in the classified service, unless an estimate, payroll or account for such salary or compensation, containing the names of every person to be paid, shall bear the certificate of the Civil Service Commission that the persons named in such estimate, payroll or account have been appointed, employed, reinstated or promoted in pursuance of law and of the rules made in accordance with this act. \* \* \* "Any sums paid contrary to the provisions of law, or of the rules made in pursuance of law, or from any officer signing or countersigning or authorizing the signing or countersigning of any warrant for the payment of the same, or from the sureties on the official bond of any of the said officers in an action of debt in the Court of Common Pleas of any county within the State by a citizen resident therein who is assessed for and liable to pay, or within one year before the commencement of the action has paid, a State, City or County tax within the State."

Chapter 120, a supplement to the original Civil Service Act, provides for a summary view to be had of any action in contravention of the law by petition to one of the Justices of the Supreme Court.

Under the terms of the laws above referred to, a so-called contract for personal service on the part of any municipal or county authority cannot be legally entered into, the pub-

he funds cannot be legally disbursed in payment for personal service of whatever kind unless "an estimate, payroll or account for such salary or compensation" shall bear the certificate of the Civil Service Commission.

Very truly yours,

Edward H. Wright,  
Civil Service Commissioner.

City Counsel Congleton:—May I make a suggestion. That is a very general letter. So far as I know we have not carried on any such practice. I would make the suggestion that you ask Mr. Wright to give us a memorandum of any cases in Newark where he thinks we did not have the right. I think that he should point out specific cases.

Commissioner Archibald:—As Financial Officer of the City I do not know of any cases of this kind.

Commissioner Raymond moved that the City Counsel be requested to take this matter up with Commissioner Wright for the purpose of finding out what he is referring to.

The roll being called, the motion was declared adopted by the following votes:

Yea: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance which was read by the Clerk:

An Ordinance to provide for the paving of Ridgewood Avenue from West Runyon Street to the north side

of Hawthorne Avenue and from the south side of Hawthorne Avenue to Marie Place with asphalt pavement (2-inch top surface—1½-inch binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Ridgewood Avenue from West Runyon Street to the north side of Hawthorne Avenue and from the south side of Hawthorne Avenue to Marie Place shall be paved with asphalt pavement (2-inch top surface—1½-inch binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of the street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer,

gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

All in accordance with an act entitled "An act concerning municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yea: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Mayor Gillen offered the following ordinance which was read by the clerk:

An Ordinance prohibiting the sale and exposure for sale of meat in the City of Newark before inspection.

The Board of Commissioners of the City of Newark, Do Ordain:

1. It shall be unlawful for any person, firm or corporation to expose, or offer for sale or sell, or otherwise dispose of or bring into the City of Newark with intent to sell before inspection as hereinafter provided, the carcass of cattle, calf, sheep, lamb, goat or swine which does not have upon it the meat inspection brand or other official mark of identification of the Department of Health of the City of Newark or meat inspection brand or other official mark of any state or municipality whose meat inspection standard is equal to and recognized as such by the Newark Department of Health or the meat inspection brand or other mark of identification of the United States Department of Agriculture.

The carcass of any animal hereinbefore named or part thereof offered or exposed for sale in the City of Newark which does not bear any of the meat inspection brands or marks recognized by the Department of Health of Newark shall be inspected and stamped or destroyed by the Health Officer, or by his order.

2. The carcasses of animals slaughtered outside the City of Newark may be brought in for inspection by the Department of Health under the following rules, viz: all carcasses shall have attached, by their natural connections, the head, including the tongue, the lungs, the liver, the pleura, the peritoneum and all body lymph glands. Each of said carcasses will be inspected and

stamped by the Department of Health at the point of arrival of such carcasses or at such places as may be designated by the Department and shall be presented for inspection at such place or places as may be ordered by said Department.

3. All carcasses, meats or meat food products which are unsound, unhealthful, unwholesome or otherwise unfit for food, shall be stamped or otherwise marked by the Department of Health of the City of Newark, "Condemned—Department of Health, Newark, N. J." and shall be destroyed.

4. It shall be unlawful for any person, firm or corporation or officer or agent, or any person, firm or corporation, or officer or agent, or employee thereof, to forge, counterfeit, simulate or falsely represent or without authority to use or detach or knowingly or wrongfully alter, deface or destroy any of the stamps or marks or brands or tags recognized by the Department of Health of Newark, on any cattle, calf, sheep, lamb, goat or swine or any carcass, or on any part or parts of any carcass or carcasses of any animal named in Section 1 of this Ordinance.

5. Any person, firm or corporation, violating any of the provisions of this ordinance or failing to comply with any direction or order of the Department of Health of the City of Newark, given pursuant to the provisions of this ordinance by the Health Officer or any other agent of said Department of Health, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not less than fifty dollars (\$50) nor more than two hundred

dollars (\$200) or by imprisonment in the county jail for a period of not less than ten (10) days nor more than three (3) months or both.

6. Each day that the violation of this ordinance or the failure to comply with the directions of the Department of Health of the City of Newark, given in accordance with this ordinance, shall continue, shall constitute a new and separate offense, and be punishable accordingly, as herein provided.

7. The ordinance entitled "An Ordinance requiring the inspection of meat exposed for sale or sold in the City of Newark, and the destruction of condemned meats," approved May 23, 1918, and the ordinance entitled "An Ordinance to amend an ordinance entitled "An Ordinance requiring the inspection of meat exposed for sale or sold in the City of Newark, and the destruction of condemned meats, approved December 26, 1918, together with all ordinances and parts of ordinances inconsistent herewith, are hereby repealed.

The roll being called, the resolution was declared adopted by the following votes:

Yea: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen Has anything been done about the reservoir in Branch Brook Park?

City Engineer Sherrerd: I would report against the scheme because it is a very expensive proposition and very difficult to make a satisfactory floor. We might try it out by bringing the depth down and filling in a portion of it for smaller children. I think it would be better to try it out on a cheap scale first and if it works out all right, spend more money. I would recommend that it be tried out inexpensively first and if it was satisfactory, elaborate on it. I will have a full report on it next week.

Commissioner Archibald moved to adjourn.

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN,  
City Clerk.

NEWARK, N. J.,

October 21, 1920.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 A. M.

Present: — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of meeting of October 14th, 1920, were read and approved.

Mayor Gillen:—Is there any citizen desiring to appear before the Board?

Mr. Charles Birdsall, 312 North 7th Street, Newark, appeared before the Board and presented the following complaint against the quality of gas being furnished by the Public Service Corporation:

Newark, N. J., October 21, 1920.  
To the Board of Commissioners,

City of Newark, N. J.

Gentlemen:—

The undersigned respectfully complain to you of the poor gas furnished by the Public Service Gas Co. since the tentative permission granted that company by you to change the quality of its gas. We find that nearly twice as long is now required to secure the same heating results as were formerly necessary. To illustrate: A small pie put in a heated oven requires 50 minutes whereas the same kind and size of pie would previously bake in 30 minutes. Over 12 minutes are necessary to boil a gallon of

water. Our gas bills are therefore increased this month both by the increased price and by the quantity used. It is of course known to you that more gas is used for heat than for lighting.

Another evil has developed, which we can with care and time partly correct. The gas instead of lighting properly explodes and goes out. This is due to the deposit of solid matter in the feed pipe, a thing hitherto unknown to most of us. We beg you to direct the Public Service Co. to furnish us with good gas, and no longer cheat us by compelling us to bear the loss of time, labor, and money resulting from its experiments.

(Signed by C. Birdsall and eleven others.)

Commissioner Raymond moved that the matter be placed in the hands of the City Counsel to prepare such a case for presentation to the Public Utilities Commission as is necessary to bring the matter before them and ask for immediate relief for the people of the City of Newark.

The roll being called, the motion was declared adopted by the following votes:

Yea: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

City Counsel Congleton:—I would like to ask as a matter of information. You all know this controversy that is now on with respect to the Public Utilities Commission. Is it your desire that I submit the petition

to the ousted commission, or should I wait until there is a new commission?

Mayor Gillen:—No, I think you better wait until there is a real commission appointed.

The following communication was received and read:

Commission on Building Districts and Restrictions,

City Hall, Newark, New Jersey.

October 18, 1920.

The Board of Commissioners,  
of the City of Newark,  
City Hall, Newark, N. J.

Honorable Sirs:—

At a meeting of the Commission on Building Districts and Restrictions held October 14, 1920, an amendment to the Building Zone Ordinance changing the westerly side of Coes Place from a residence district to an industrial district was considered. The amendment was approved providing the industrial district approach not nearer than 200 feet of High Street.

The amendment as approved by this Commission is herewith referred to your Honorable Body for consideration.

Very truly yours,

R. B. Rankin,  
Secretary.

Commissioner Monahan moved that the ordaining clause of "An Ordinance to amend an ordinance entitled: "An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919, be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yea: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An Ordinance to provide for the construction of a ten (10) inch pipe sewer in Victoria Street between Frelinghuysen Avenue and Empire Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a ten (10) inch pipe sewer shall be constructed in Victoria Street between Frelinghuysen Avenue and Empire Street. This sewer to be used for house sewage only and to be constructed with house connections to the curb lines, together with all the apurtenances necessary to complete the same, under and by virtue of the provisions

of an act entitled "An act concerning municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto, and amendments thereof.

Said improvements to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

INTERNATIONAL BROTHERHOOD  
OF STATIONARY FIREMEN

Local No. 55 of Newark and Vicinity.

Newark, N. J., October 11, 1920.

To the Honorable Board of Commissioners of the City of Newark, N. J.

Gentlemen:—

At the last regular meeting of Firemen's Union Local No. 55, held

on Tuesday, October 5th, 1920, it was brought to the attention of the local that our men employed by the City, had received a reduction in wages when out because of sickness.

A Committee was appointed to take this matter up with your Honorable Body, requesting you to rescind that part of the resolution passed by your Board which appears in the April proceedings of your Minutes, and which reads as follows:

"It being understood that where the union scale of wages have been fixed, employees that are paid at such rate shall only be paid for the time when they actually work."

We feel as an organization that this is Class Legislation, in putting such notice in that resolution.

Hoping you will give this matter your careful consideration, and give us the same privilege of getting paid in case of illness as other city employees, and thanking you in advance for your favorable action, we are,

Respectfully yours,

Patrick J. Connolly,  
Cornelius Rooney,  
Francis J. Goodwin,  
The Committee.

Mr. Henry Hebler and Mr. Patrick J. Connolly, representing the Brotherhood of Stationary Firemen, appeared before the Board and stated that other private corporations in the City were compensating Engineers and Firemen when out because of illness, and that they paid the same wages as the City, and that they felt their men should be treated

the same as any other City employees and not docked while out because of sickness.

City Counsel Congleton:—You took this matter up in conjunction with the Civil Service classification and standardization and they were to have Union wages under Union conditions. They were to be paid when they worked. I would suggest you take this matter up in conference.

Commissioner Archibald moved that the communication be received and that the matter be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yea: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The following communications were received and read:

11 Prospect Street

East Orange, N. J., October 19, 1920.

Subject: Application for Assistant Purchasing Agent for the City of Newark.

Dear Sirs:—

It has come to the writer's attention that the City of Newark is contemplating the installation of a purchasing bureau.

The writer, who is 30 years of age and married, owns property in the City valued at approximately \$30,000, resident of Newark for 20

years and at present a temporary resident of East Orange, has the following qualifications:

At present assistant purchasing agent with the above firm, in charge of all supplies. Graduated mechanical engineer of Lehigh University with a very large practical experience dealing with various phases of engineering and engineering supplies. Also a member of the American Society of Mechanical Engineers.

If an interview is desired the writer will be pleased to talk the matter over in more detail.

Yours very truly,

J. HENRY REITZEL.

Ordered filed.

The Under Secretary of State  
London, S. W. 2nd October, 1920.

Sir:—

I am directed by the Secretary of State to acknowledge the receipt of your application on behalf of Terence MacSwiney and to say that it has been laid before The King.

I am, Sir,

Your obedient servant,

EDWARD TROUP.

WILLIAM J. EGAN, Esq.,  
Clerk for the City of Newark,  
New Jersey.

Ordered filed.

Mayor Gillen offered the following resolution:

WHEREAS, An exigency arose in landlord and tenancy controversies through the lack of housing facilities in the City of Newark, which caused the multiplication of tenancy cases in the District Courts of this City, in many instances working great hardships to tenants who were unable to obtain new places of abode in the event of eviction, and thus to a considerable extent the health of the community became jeopardized; and

WHEREAS, The Board of Commissioners of the City of Newark on the tenth day of May last adopted a resolution empowering the City Counsel to engage the services of attorneys temporarily as might be deemed necessary for the proper and efficient conduct and defense of such cases as would require the intervention of the Law Department before the District Courts of the City of Newark as temporary legal assistants in said Law Department; and

WHEREAS, The exigency in such tenancy cases still continue and in the opinion of this Board is likely to continue because of inadequate housing facilities in this City;

THEREFORE BE IT RESOLVED, That certain of the attorneys heretofore selected and employed in aid of the Law Department in the conduct and defense of landlord and tenancy cases in the District Courts of this City, to wit, Thomas A. Kenny, David Silver and John F. Faughnan, who have heretofore rendered legal services and submitted statements of accounts showing the indebtedness of the City of Newark to them for their

respective legal services, be paid the amount respectively due them on the certificate of the Law Department as to the correctness of their bills and that they be continued as such legal assistants until further action of this Board in the premises and be paid for their services at the rate of Fifty Dollars each per week.

Yea's—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen not voting.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an Act entitled, "An act concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto, and amendments thereof, to order and cause the paving of Berkeley Avenue from Fifth Street to Bloomfield Avenue for a width of forty (40) feet between curbs, with either concrete pavement or with asphalt pavement (1½" top—1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street,

including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefitted by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the proposed improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said proposed improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of an ordinance providing for said improvement. Upon failure of any such owner or owners to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily

newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on November 11th, 1920, at 11 o'clock a. m., at which time and place ordinances for the making of such improvements will be considered.

October 20, 1920.

Hon. Jerome T. Congleton,  
City Counsel, Newark, N. J.

Dear Sir:—

Replying to your letter of the 19th instant, recently it has been brought to the attention of this Commission that some municipalities are making contracts which are not in accordance with the provisions of the Civil Service Law, and therefore this Commission deemed it advisable to forward communications to all municipalities operating under the Civil Service Law, advising the provisions of the Civil Service Law.

Very truly yours,

EDWARD H. WRIGHT,  
Commissioner.

Ordered filed.

Mayor Gillen offered the following resolution:

WHEREAS, the Honorable William J. Egan, City Clerk of the City of Newark, has sustained a grievous loss in the death October 16, 1920, of his estimable and beloved father, John Egan; therefore

BE IT RESOLVED, By the members of the Board of Commissioners of the City of Newark that we hereby express to City Clerk Egan and the other members of the family of the late Mr. John Egan our sympathy and condolences and that this resolution be inscribed on the minutes of this meeting of the Board of Commissioners.

Yea:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen: Has the Engineer any report to make on the reservoir?

City Engineer Sherrerd: I have been talking this matter over with Mr. Sanzenbacher and he has made a very elaborate plan of concreting the whole bottom of the reservoir and his estimate based on pre-war prices was \$58,000. I think we could make some arrangement to fill in a small portion and construct bath houses for about \$12,000 to \$15,000.

Mayor Gillen Commissioner Raymond, will you arrange to lease this property to the Bath Department?

NEWARK, N. J.,

October 28, 1920.

Commissioner Raymond: Yes, unless we run into a snag with the Essex County Park Commission. Perhaps they would be willing to undertake to operate this as a public swimming pool if we turned it over to them. If they would agree to do that, I think it might be well to turn it over to them.

Commissioner Archibald moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

A Special Meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 a. m.

Present: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen: Suppose we take up, gentlemen, the question of this fire boat purchase before the regular meeting. I thought because there was so much in the papers about it and such a difference between the price the Government sold it for and the price we had to pay for it, that it would be better for the Board to take it up at a meeting and bring out the facts and have them incorporated in the record so that we would have ourselves set straight on the transaction.

Commissioner Brennan: So far as the fire boat purchase is concerned, that is being investigated by the Inspector General's Department of the United States Army. Last Friday I became aware of the discrepancy between the purchase price paid the Government and that paid by the City on my recommendation. I gave the story to the newspapers which has started a rigid investigation by the Inspector General's Department. I have had the representatives of that Department here. I have also been to Hoboken, myself and Captain Quigley, the only two representing the City that had anything to do with its purchase as far as I am aware.

Mayor Gillen Commissioner Raymond, will you arrange to lease this property to the Bath Department?

JOHN F. MONAHAN,

Board of Commissioners of The City  
of Newark, N. J.

W. J. EGAN,

City Clerk.

Commissioner Brennan: So far as the fire boat purchase is concerned, that is being investigated by the Inspector General's Department of the United States Army. Last Friday I became aware of the discrepancy between the purchase price paid the Government and that paid by the City on my recommendation. I gave the story to the newspapers which has started a rigid investigation by the Inspector General's Department. I have had the representatives of that Department here. I have also been to Hoboken, myself and Captain Quigley, the only two representing the City that had anything to do with its purchase as far as I am aware.

What investigation, other than as far as they have gone here has been made by that Department, represented by Major Farmer, I am not at liberty to disclose at this time, even though I know it, because I have been requested not to disclose some of the points brought out in this investigation.

It is unfortunate that the discrepancy between the supposed value of the boat and as paid for has come out, that the city has, in other words been mulcted to that amount. I feel the City has procured a real bargain even at the price paid. I am having a further investigation conducted within my own department, which I feel I am capable of conducting. When the facts are all compiled, I think, Mr. Mayor, you can rest assured, and the other members of the Commission, that I have sufficient intelligence to make the whole facts known, not only to the Commission, but to the public. There is nothing misleading in the matter so far as I am concerned and there is nothing in my Department I want hidden in any manner, but what investigation can be made by this Commission is something that is beyond me at this time, especially in view of the investigation being conducted by the Inspector General's Department. The facts of it was, the boat was bought, in other words sold by the Captain having charge of Waterway Supply Stock through a ship broker in New York, who in turn sold it or gave an option on it to Captain Quigley of the Fire Department, on the recommendation of the Captain in charge of that particular Division to go and see him. I might be frank in saying that up to the filing of the Bill of Sale I was under the impression that we were dealing practically direct through the

Government. The boat is still registered in the Customs Department as the property of the United States Government although the City has given its check to Mr. Rudolph, the broker who made the sale. I cannot for the love of me figure what kind of an investigation can be set forth by this Commission, not that I want to stop any investigation, I welcome all of them. I made the facts known as soon as they were known to me. I believe every newspaper in the metropolitan area has taken the matter up, some of them not just as the transaction occurred, but all of them have more or less dwelt upon the facts, which is possibly going further than the sale of the fireboat to the city. There is one thing certain. No one connected with the City has had anything to do with the difference in price. The matter of investigation as to the value of the boat is now being taken care of on my order, and as I previously stated, I am satisfied when my full investigation is completed and the reports ready to submit, that the members of the Commission will be satisfied that nothing has been left undone that could have been done, legally or otherwise, in finding out the true status of the case affecting the City or the people representing the Government.

Mayor Gillen: Well, of course, I was under the impression that the City Commission, when anything seems to be wrong about any transaction on which it has passed should take the matter up for discussion and should make explanation if explanations are necessary and form part of the record. I do not know why the City Commission should not investigate anything that would seem to reflect on the Commission in any way.

Commissioner Brennan: What investigation can be made that has not already been started?

Mayor Gillen: I do not know. I thought it would be well for you to make an explanation and have it incorporated in the records. I thought it would be well to bring Captain Quigley here and have him make a statement and have the Commissioners ask any questions they might want to ask. The explanation you have just made, of course, seems to cover the matter.

Commissioner Brennan: Captain Quigley and myself have appeared before the Major-General and testified under oath.

Mayor Gillen: This is a City matter and we are all members of the Board and as such I think we should conduct an investigation.

Commissioner Brennan: I understand it is a city matter as any other matter conducted by the City, but I have started an investigation and I was under way before you called this special meeting.

Mayor Gillen: Were there any other fireboats for sale by the Government?

Commissioner Brennan: This was a tugboat to be converted into a fire boat.

Mayor Gillen: Were there any other tugboats for sale?

Commissioner Brennan: Yes sir.

Mayor Gillen: Was any effort made to get any other boat?

Commissioner Brennan: There was no other boat reported suitable for the purposes required by the City of Newark in the traversing of the Passaic River. The Grover Cleveland was the only one suited for this purpose on account of its draught and speed. There were tugboats drawing 10 or 12 feet of water which made them useless as fire craft on the Passaic River. There were several wooden craft offered for sale which were deemed not a type of boat that could be used advantageously in the event of fire.

Mayor Gillen: Did you know at the time you told Captain Quigley that he could go as high as \$20,000 that it was then in the possession of a broker?

Commissioner Brennan: No, I did not. I told him to make an offer of \$10,000. If we were able to get it for \$10,000 or \$20,000 we would be getting a bargain.

Mayor Gillen: Then what happened?

Commissioner Brennan: He went to submit the offer to the Captain of the Transportation Service and he informed him the boat was sold.

Mayor Gillen: Did you make the offer before Rudolph bought it?

Commissioner Brennan: I claim I did.

Mayor Gillen: You made an offer of \$10,000?

Commissioner Brennan: Yes, and the Captain refused to accept the offer and told him the boat had been sold to Rudolph.

Mayor Gillen: Who refused the offer?

Commissioner Brennan: The Captain representing the Government refused to accept the offer. That occurred on the 28th of September.

Mayor Gillen: Was the offer submitted in proper form?

Commissioner Brennan: It was submitted in writing. The original I have here. It was in the form the Government required.

(Commissioner Brennan then read the letter submitting the bid of the City of Newark for the Grover Cleveland.)

Commissioner Raymond: Commissioner, you are going to make a report to this Commission as the result of your investigation?

Commissioner Brennan: As soon as my investigation is completed and I have received a copy from the Inspector-General's Department.

Mayor Gillen: At the time the last offer was made did you tell Quigley to go as high as \$20,000?

Commissioner Brennan: No I did not.

Mayor Gillen: When Quigley went over he then found out some broker purchased it?

Commissioner Brennan: We found out on the morning of the 29th and I told him to see if he could get it for \$20,000 or else get an option on it for fifteen days.

Commissioner Raymond: You took some expert advice as to its value?

Commissioner Brennan: I got an option so as to get some expert advice, with the view of getting an appraisal from someone who knew more about boats than I did.

Commissioner Raymond: You did get that?

Commissioner Brennan: Yes.

Mayor Gillen: The original resolution that authorized you to purchase the boat indicated you were to purchase the boat from the Government.

Commissioner Brennan: I thought I was dealing with the Government.

Mayor Gillen: This was passed on September 30th.

(Mayor Gillen then read the original resolution authorizing the purchase of the Grover Cleveland.)

Mayor Gillen: I think a mistake was made, Commissioner, that is my own opinion, in dealing with a broker after the resolution passed; that the purchase would be made from the Government, or if a broker had purchased it in the meantime, I think an investigation should have been made as to the price he paid for it.

Commissioner Brennan: In what manner are you going to investigate the price he paid for it when he had only submitted a bid on that particular day?

Mayor Gillen It is my opinion you made a mistake, or Quigley made a mistake, when the resolution practically empowered you to deal with the Government.

Commissioner Brennan: It empowered me to procure the tug. My information at the time was that certain regulations had to be complied with in order to obtain the release from the Government. It was my impression then that this broker was acting for the Government in offering the boat for sale. It turns out since that he is a broker who is specializing in purchases from the Government.

Commissioner Archibald: I think we can leave it in the hands of Commissioner Brennan.

Mayor Gillen: Do any of you gentlemen want to say anything on this subject?

Commissioner Brennan: I have no objections to your going as far as you want in investigating any of my actions, but I cannot see what can be done by this Board until at least after the Inspector General's Department has concluded his investigation. There is one thing certain. I have started an investigation as to Army methods in Hoboken which will possibly reach further than the Grover Cleveland.

Mayor Gillen: I think in addition to what you have done to bring this matter to the attention of Federal authorities, it would be well for the governing body of this city, as such, to prepare a statement and also forward it to the Navy Department. Your dealings have been with that Department, haven't they?

Commissioner Brennan: No, with the War Department.

Commissioner Brennan: I will have a statement prepared for you a week hence or sooner after the investigation is concluded. You can then reject it or amend it.

Mayor Gillen: You will have a statement prepared and have it ready for the minutes?

Commissioner Brennan: Yes sir.

Commissioner Raymond: Have you looked into the question of setting the whole thing aside on the ground of fraud against the part of the Government and fraud against the City?

Commissioner Brennan: You cannot do much from an Army standpoint.

Mayor Gillen: Is the Law Department in touch with the investigation?

Commissioner Brennan: Yes, the Law Department has been acting with me in all my dealings.

Commissioner Raymond: Is this fellow a responsible man, perhaps we might be able to recover from him?

Commissioner Brennan: I do not know his standing.

Commissioner Raymond: He may possibly face the Federal Penitentiary and that might possibly help him to find money. I do not intend to in any way interfere with Commissioner Brennan, but I think we all want to get the facts.

Commissioner Brennan: I feel that at the purchase price paid for the boat, the city has got a boat for a song as compared with boats offered for the last three years. From reports given me this is a much superior boat to boats that have been offered to us for \$60,000.

Mayor Gillen: Who is this man who claims the boat is only worth \$3,000?

Commissioner Brennan: He is an Army Appraiser.

Mayor Gillen: Commissioner Raymond, along the lines you suggest, would you ask the Law Department to proceed now or later?

Commissioner Raymond: I think it would be better to wait for Commissioner Brennan's report. When that has come in the facts will be more apparent for submission to the Law Department.

Commissioner Archibald: They are working with you?

Commissioner Brennan: Yes sir, the City Counsel has been with me in all my actions.

Commissioner Raymond: I think the Government would set the whole thing aside for fraud. I think if the boat is worth less, we should get it for less on account of fraud.

Commissioner Brennan: I had an appraisal made by one of the most expert marine engineers. I have not his report as yet, when I receive it I will be in better position to say as to the real value of the craft.

Mayor Gillen: There may not be any doubt about the value of the boat, when you consider the prices the Government is selling these things. We probably paid a high price when we paid \$18,500.

Commissioner Brennan: If any one got skinned on it I think it was the Government.

Mayor Gillen: They are getting skinned on anything they sell, pretty near everything.

Commissioner Brennan: You should know, you had a lot of dealing with them in the last year.

Mayor Gillen: On these trucks, I think we are getting four trucks for nothing.

Commissioner Raymond: But there are a good many strings attached to those trucks in the way of expense for us. It looks to me as if somebody was trying to make \$8,500 from the City and I think that is evidence of fraud, the clearest kind of fraud. I know Commissioner Brennan feels the same as I do. I do not care what the boat is worth, but I do not think the City should pay a bounty to a bunch of crooks.

Commissioner Brennan: The offer was made the 28th of September. All the data I received so far indicates the offer of \$2,500 was made on the 29th.

Commissioner Archibald: I think what Commissioner Raymond says is right. We should do something like that. The Government does not want us to be placed in the position of paying four or five times the price of the boat.

Commissioner Raymond: The Government can never afford to let this transaction stand.

Commissioner Brennan: The investigation indicates that the Government is going to take action.

Commissioner Raymond: That action should be and will be no doubt thorough, and I do not doubt the Government will be able to get this boat back and sell to us at the right price and make this gentleman disgorge. They should do it to protect the people of this country.

Mayor Gillen: When the first offer was made, did he leave the offer in writing?

Commissioner Brennan: He would not accept it. The only reason he gave was that the boat was sold. The investigation so far has brought to light that the offer for the boat had not been made until the next day.

Mayor Gillen: The idea of the Board is to wait until Commissioner Brennan submits a report and ask the Law Department to take the matter up with the War Department on the ground of fraud?

Commissioner Archibald: That seems to me to be the only logical way to handle it.

Commissioner Raymond moved that the Board wait until Commissioner Brennan has submitted a report and then ask the Law Department to take the matter up with the War Department and have the transaction laid aside on the ground of fraud.

The roll being called the motion was declared adopted by the following votes:

Board of Commissioners of The City

NEWARK, N. J.,

October 28, 1920.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 o'clock, a. m.

Present: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of meeting of October 21st, 1920, were read and approved.

Mayor Gillen: Any citizen here desirous to be heard on the matter of assessing benefits for the paving of Oriental Terrace from Oriental Place to Oriental Street?

No citizens appeared for or against the paving of Oriental Terrace.

Mayor Gillen:—If not, I declare the hearing closed.

Mayor Gillen:—There is also a hearing scheduled for the assessing of benefits for the paving of Passaic Avenue from the westerly line of Richards Street to the Lincoln Highway. Any citizen desiring to be heard on this matter?

Mr. John F. Boneykamper appeared before the Board and stated he did not think it is fair for the City to place such a heavy assessment upon the people owning property in this vicinity, particularly in view of the fact that he considered this a premature improvement, and suggested that a 25% assessment on the property owners should be levied by the City.

Commissioner Raymond moved that the matter of assessing benefits for the paving of Passaic Avenue from the westerly line of Richards Street to the Lincoln Highway be referred to the Assessment Commissioners with the recommendation that further consideration be given to the assessment to be paid by the City and the property owners.

The roll being called, the motion was declared adopted by the following votes:

Yea: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. John H. Meeker appeared before the Board and requested that the resolution passed some time ago

calling for a referendum on the establishment of gas and electric light power and heating plants be rescinded. He stated he read in the newspapers that at least three of the Commissioners stated that at the time they voted for the resolution they were not aware of the fact that if the resolution was adopted and the referendum carried by the people that the result of it would be to make it mandatory upon the City Commission to proceed with the erection and establishment of lighting and heating plants. They simply thought that they would put it before the people to take such action in the matter as they saw fit. The least you can do is to rescind that resolution and not put the matter before the people of Newark.

Commissioner Monahan:—I would like to ask the City Clerk to read a statement I have prepared in reference to the establishment of municipal lighting plants.

The following statement was offered by Commissioner Monahan and read by the City Clerk:

One of the questions to be submitted to the voters at the General Election next Tuesday is whether the City of Newark shall acquire or construct municipal gas, electric and steam plants.

What the cost of such plants would be no one can say with any degree of certainty, but any such undertaking would doubtless involve the expenditure of many millions of dollars. The Chief Engineer of the City, while declining to commit himself to a definite estimate is quoted as having made a guess that the cost would probably be about \$15,000,000.

It is obvious that Newark is in no position to seriously consider any such outlay at this time, especially under the conditions that now exist. To attempt to borrow any such sum of money would be unwise, if it were possible, and to raise it by taxes is out of the question.

As there seems to have been a misunderstanding of the mandatory provisions of the law under which the vote is to be taken I believe that prudence and good business judgment makes it necessary that these facts should be brought to the attention of the voters so that they may act with knowledge of what is involved.

I make this statement without going into the merits of municipal ownership. I simply take the position that an important proposition that will cost undetermined millions of dollars should not be ordered carried out without the taxpayers and this Commission having more definite information on the subject than is available now. Personally I am going to vote "No" on the referendum and I wish there were still time to have it removed from the ballots.

John F. Monahan.

Commissioner Raymond:—I would like to make a statement in reference to this matter. I have no apology to offer for having voted to refer this matter to the people and I would vote the same way again if the proposition was brought before this Board. To my mind the discovery that this will possibly make it mandatory upon the city to go forward at once if the referendum is adopted is in no way discouraging to me and it in no way alarms me.

I believe that the City of Newark is going to relieve the situation for the industrial business of this city demands the establishment of gas, electric and steam plants. The Public Service Corporation has admitted that it cannot supply the necessary light and power to the manufacturers of Newark. I do not think that the law is mandatory as to the amount of capital that the city shall spend for an electric plant. I think the City may begin on a small scale and work it up, and I am positively in favor of the City Commission referring this matter to the people on referendum. Aside from the establishment of the plant in the City of Newark I have in mind the power that will be supplied by water. We have the tremendous possibilities of using the power from our water shed. I am willing to refer any question to the people at any time and let them vote on it, and in this particular instance I shall vote in favor of the referendum.

Commissioner Archibald:—When I voted for this resolution I was not aware of the fact that if the people voted in favor of establishing a municipal lighting plant that it would be mandatory upon the City Commission to go ahead with the work. As Director of Revenue and Finance I do not see how the city is in a position, financially, to go ahead with this work. I would be remiss in my duties if I did not call this matter to your attention.

Commissioner Brennan:—I want to say a word in reference to this matter. When I voted to have the referendum placed upon the ballot I did not realize that it would be mandatory for this Commission to proceed with the work at once in the

event the referendum was adopted. It was my understanding at that time that we were not compelled to expend millions of dollars, but that we could start in a small way and gradually enlarge the plants. I therefore feel that the city should refer this question to the people on referendum. I am going to vote for the referendum and will do what I can to put it over.

Mayor Gillen:—This is not a question of economy, but it is a question of absolute necessity in my opinion. I know for a fact that within the past two years several large industrial plants have been driven away from Newark, or at least have not located in Newark, because they were unable to procure power from the Public Service Electric Company. Now, this is a serious situation. You all know that the life and progress of the city depends absolutely on its manufacturing industries. The business interests of the City of Newark depend on its manufacturing industries and every encouragement should be given by the city as a city and by the governing body to help these manufacturing industries, and every effort should be made to induce the establishment of additional industries in the city of Newark.

Dr. William G. Hanrahan stated he thought the establishment of a municipal lighting plant would be a good thing for the city and urged the Board to do everything in its power to have the referendum adopted.

Commissioner Raymond:—I would like to bring a matter to the attention of this Commission in connection with the development of Port Newark water facilities. You are no doubt aware of the fact that the City

of Newark is today confronted with the necessity of going forward at once with the development of its port facilities, digging a deeper channel toward the Bay, building bulkheads and piers on our zone which we have acquired at great expense, or else abandoning the whole project and leaving it for future generations to revive. I therefore am introducing the first resolution today and will follow it up next week by introducing an ordinance, when I will submit a plan to develop Port Newark water facilities, docks and bulkheads. Next week I will bring in an ordinance for the issuance of bonds for one and a quarter million dollars. We will then immediately begin discussion and consideration at least of the best way in which to do this work, whether it should be done by the city or whether it should be done by contract. We have three steamship companies crying for berths along the Newark pier and manufacturers on the Newark water front are anxious to enter into negotiations for berths.

Mr. Francis J. Goodwin, a labor leader; John Enstice, President of the Traffic Club; Joseph A. Doyle, representing the Ironbound Manufacturers' Association; James M. Smith, who appeared for three shipping concerns; Curtis R. Burnett and Dr. Henry Moskowitz of the Submarine Boat Corporation appeared before the Board to urge the development of Port Newark water facilities. They all favored going ahead at Port Newark and declared they did not believe the improvement to the bay would give the Submarine a monopoly. They maintained it would open the door for other shipping companies to come in.

Dr. William G. Hanrahan and Valentine Kane, representing the Feder-

ation of Improvement Associations, appeared before the Board and stated that they were in favor of the project of a deeper channel in the Newark Bay provided the other municipalities which will be benefited by it shared the expenses and provided the improvement did not give the Submarine Boat Corporation a monopoly of the water front privileges.

Mayor Gillen:—A statement has been made by the President of the Real Estate Board, Dr. Kraemer, that the improvements contemplated on the bay by the Department of Streets and Public Improvements of the City of Newark are exclusively for the benefit of the Submarine Boat Corporation, and that these improvements will not benefit anybody else. Now, of course, that is not so at all. Any improvement that is made along the Newark Bay will benefit the whole city and likewise it will benefit all of the municipalities on the bay.

Commissioner Raymond offered the following resolution:

WHEREAS, The City of Newark, being a city fronting on navigable waters of the State of New Jersey, has heretofore acquired marsh lands and other lands, riparian lands and lands under water within the City of Newark and has commenced the reclamation and improvement thereof for the purpose of constructing and establishing public docks, shipping and transportation facilities; and

WHEREAS, In the judgment of the Board of Commissioners, it is for the advantage of the City to complete said reclamation, filling in and improvement of said lands already

purchased or which hereafter may be purchased, or part thereof, and to erect bulkheads and docks in front of said lands with approaches thereto and to construct a channel from the Port Newark Terminal Development in and through Newark Bay into Kill von Kull, which will permit of sea-going vessels to reach Port Newark Terminal, in accordance with plans on file in the office of the Department of Streets and Public Improvements;

THEREFORE, THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK does hereby determine that it is for the advantage of the City to complete the reclamation, filling in and improvement of the lands already purchased or which hereafter may be purchased within the canal zone, as shown upon the plans above referred to, or a part thereof, and to construct a channel from the Port Newark Terminal Development in and through the Newark Bay and into Kill von Kull, and to erect bulkheads and docks in front of said lands with approaches thereto; and the Director of the Department of Streets and Public Improvements, after securing the approval of the Board of Commerce and Navigation of the State of New Jersey, and the permission of the Federal authorities in charge of the district port, be and he is hereby authorized to proceed to improve and dredge the channel and to construct and improve the harbor approaches to Port Newark Terminal Development.

Thomas L. Raymond,  
William J. Brennan,  
A. Archibald,  
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yea: Commissioners Archibald, Brennan, Monahan, Raymond.

Mayor Gillen: I am going to vote against this, not because I am against this improvement but because it is my opinion that before we proceed even with this preliminary step we should definitely determine what the attitude of the other municipalities will be.

Commissioner Raymond: — Dr. Moskowitz wishes to make a statement.

Dr. Moskowitz:—I have just consulted the President and Vice-President of the Company and I am authorized to state that the Submarine Boat Corporation sees no objection and will be glad to lease or sub-lease any of its dock privileges where it can to outside lines that are not in competition with them on a reasonable basis.

Mayor Gillen:—There was some objections raised to the passage of the ordinance prohibiting the sale and exposure for sale of meat in the City of Newark before inspection and I would therefore request that this ordinance be laid over for one week.

Commissioner Archibald moved that "An Ordinance prohibiting the sale and exposure for sale of meat in the City of Newark before inspection," be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yea: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. A. F. Slingerland presented the following petition:

To the Commission on Building

Districts and Restrictions,

City Hall, Newark, N. J.

The undersigned, owners of property on Hedden Terrace, in the City of Newark respectfully petition your Honorable Body to make the following change in the present zoning plans of the City of Newark:

By eliminating the southerly side of Clinton Avenue between the westerly line of Hedden Terrace and the easterly line of Osborne Terrace from the eighty foot district in which the same now is, and placing the same in the thirty-five foot height district, and also placing the same in the residence district.

In this connection we respectfully call your attention to the fact that this forms the approach to the properties of the undersigned and if eighty-foot structures are permitted thereon it will result in great depreciation in the value of the property of the undersigned. The block in question forms part of a tract developed as a high-class residential district. The property when first developed was highly restricted and the undersigned or some of them have been put to considerable expense preventing violations of these restrictions during the past years. The result is that this section forms one of the finest residential districts in the City of Newark and if buildings of

the height of eighty feet or business buildings be permitted upon the southerly side of Clinton Avenue, which is the natural approach to the property of the undersigned, the entire district will be prejudicially affected.

It is therefore respectfully urged that the westerly line of the eighty-foot district as well as of the use districts be shifted to a point east of the easterly line of Hedden Terrace insofar as respects the southerly side of Clinton Avenue.

(Signed by Thirty-one Property Owners.)
